

Hogwarts Spellstorm

By: Yaron Hod & Roi Solomon

Instructor: Dr. Moshe Sulamy

Project No: 15006314

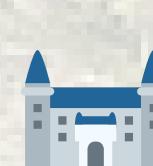

Hogwarts is no longer safe! step into the robes of a true wizard and defend parts of the castle in an epic VR battle where your wand and voice are your ultimate weapons.

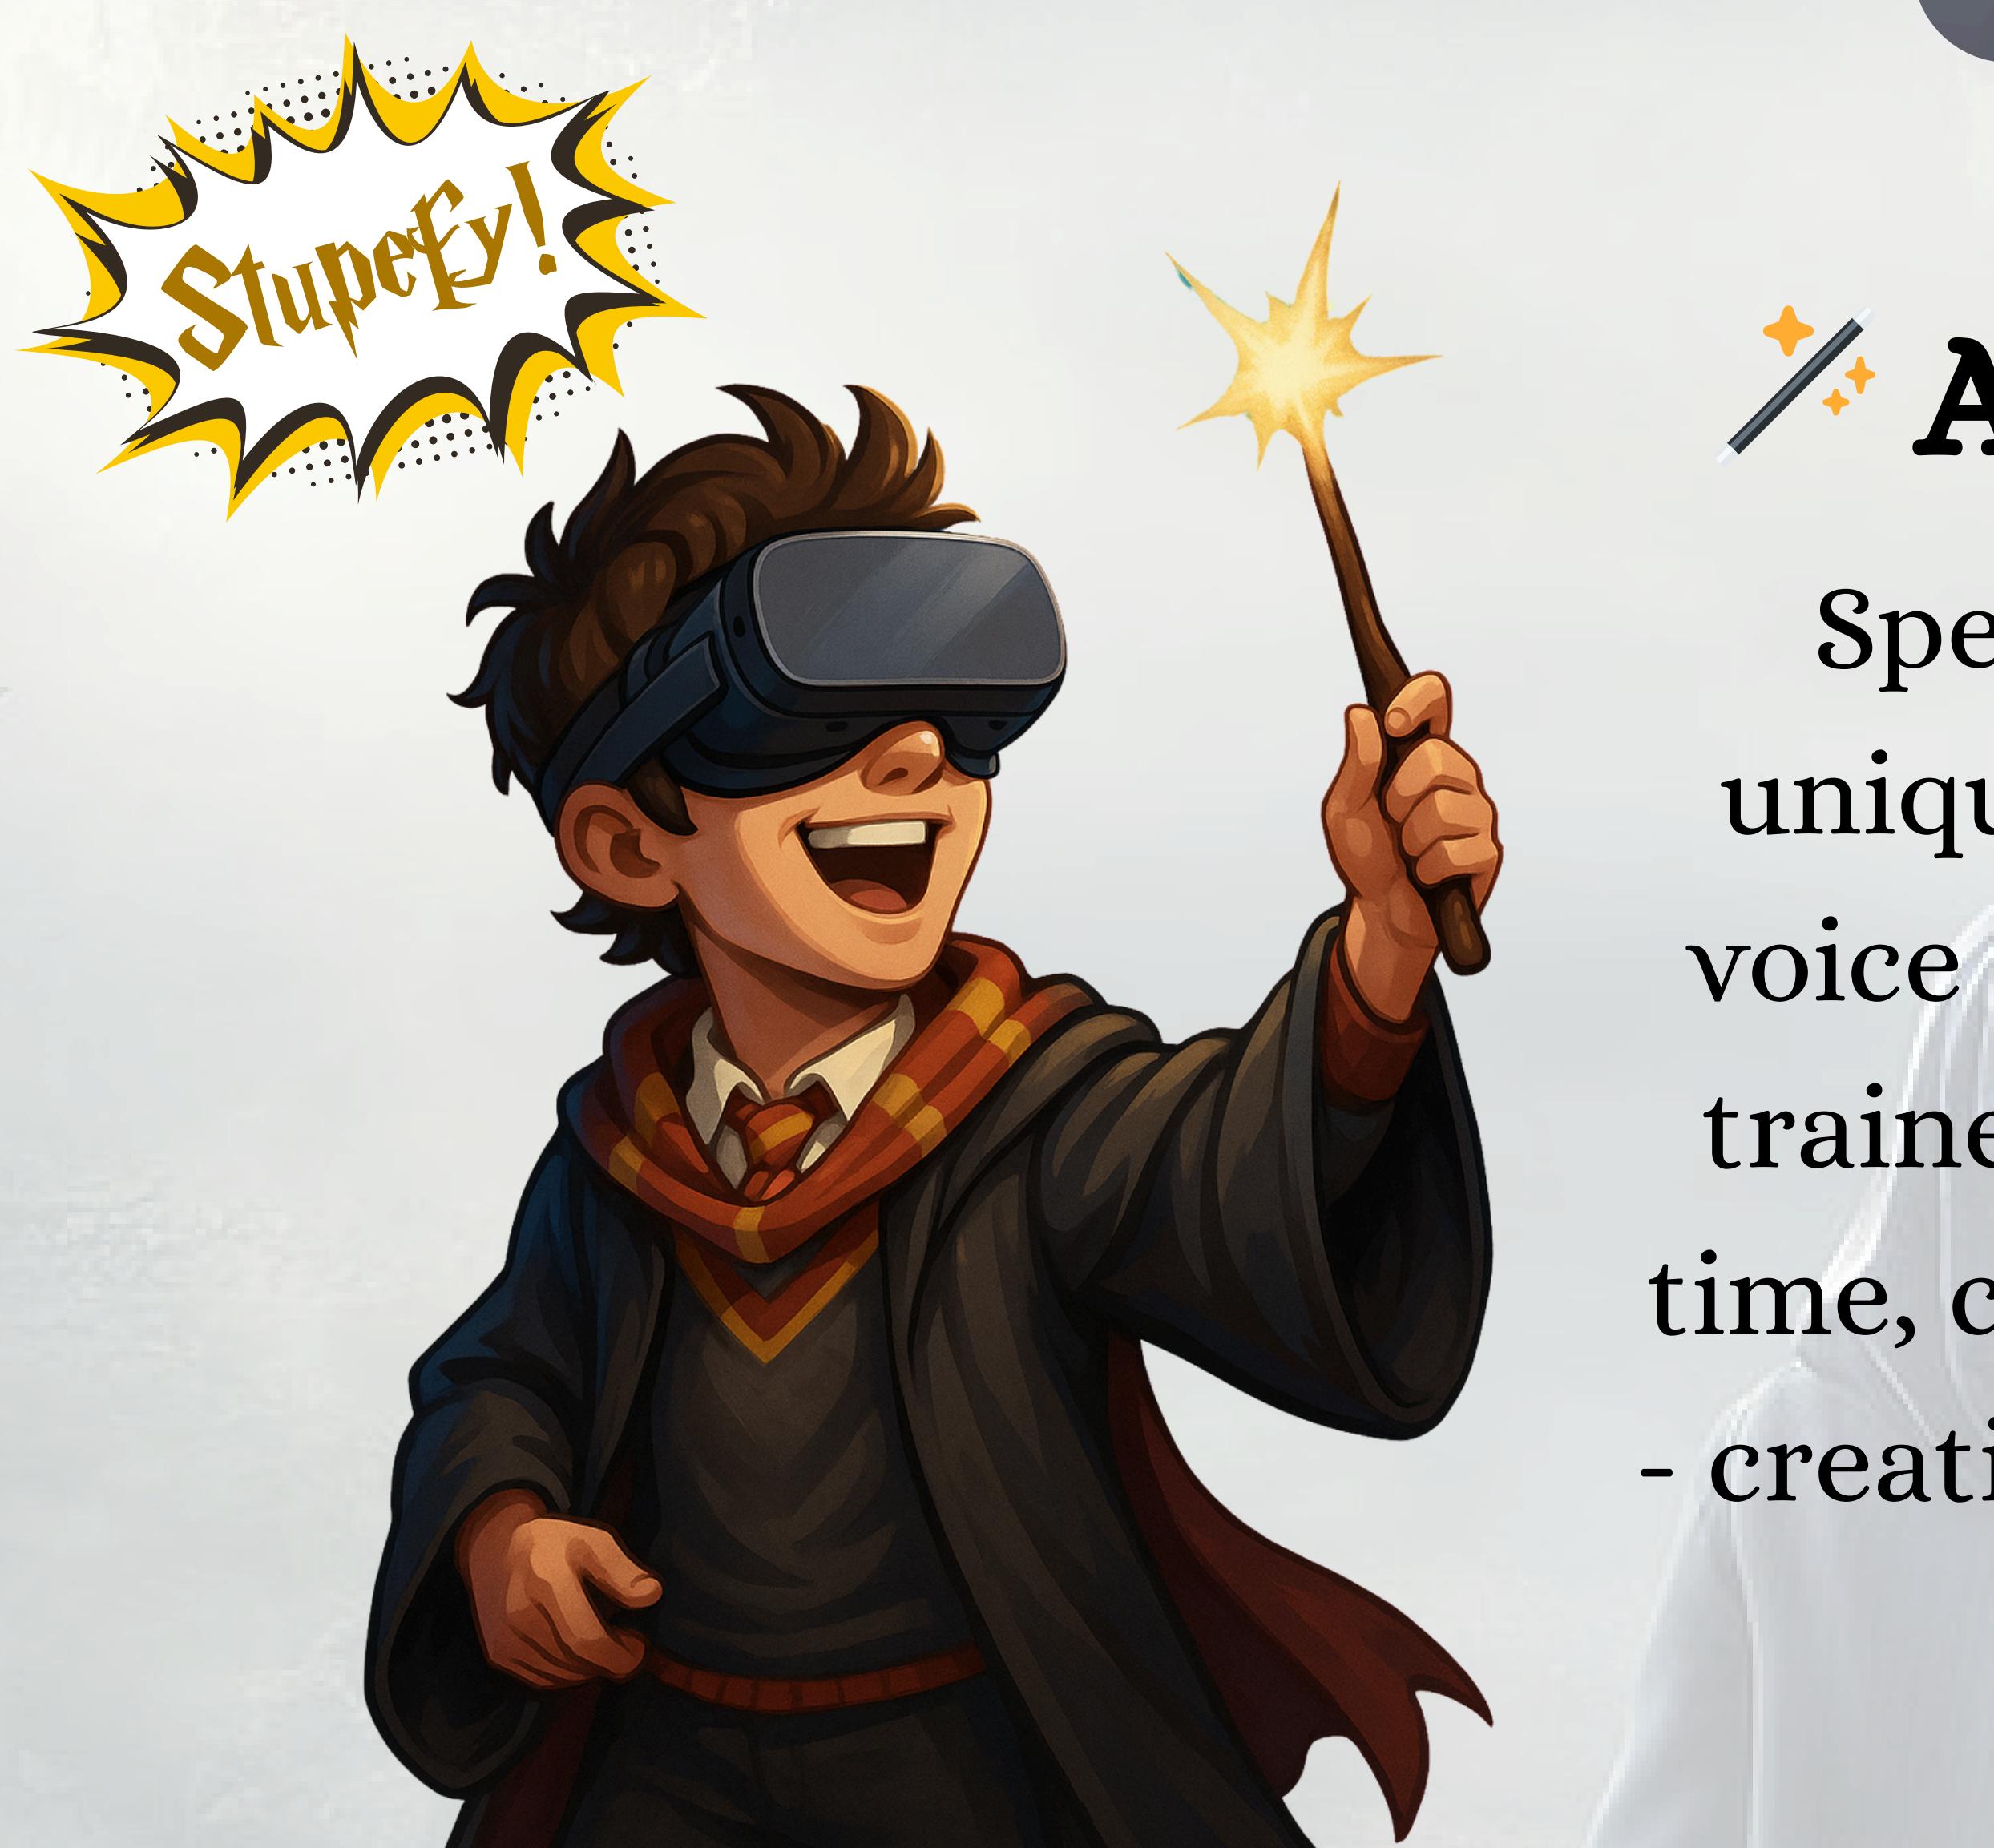

Defend Hogwarts

Face Basilisks, Dementors and Trolls in intense battles.

Explore Iconic Locations in VR

From the Chamber of Secrets to the castle dungeons, brought to life in stunning detail.

AI-Powered Spellcasting

Speak the spell's name and perform its unique wand motion. **Wit.ai** captures your voice instantly, while **Sentis** runs a custom-trained CNN to process motion data in real time, classifying gestures with high accuracy - creating a seamless, immersive spellcasting experience.

Complete Magical Collection Challenges

Hunt for Chocolate Frogs and Golden Dragon Eggs hidden across Hogwarts.
